Express Card > 1x Power Over eSATA

Description

This Express Card expands your notebook by one Power Over eSATA port. This new interface enables you to connect not only Power Over eSATA devices but also standard eSATA and standard USB devices, like external enclosure, card reader etc. The combination of eSATA and USB in one port enables the power supply via USB, so that you do not require any power supply when using a 2½" Power Over eSATA enclosure.

Ref. 66222

EAN 4043619662223
